Installation guide

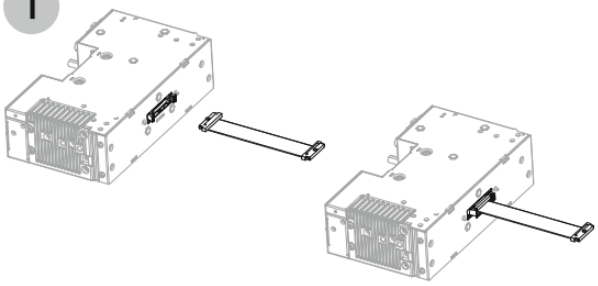

Follow the numbered original diagrams. Use the screws and fasteners specified at each step; their original labels are retained. The radio is not included in the installation kit.

1. Connect the connection cable to the main unit.
2. Join the main unit to the illustrated rotary mechanism.
3. Secure the other rotary-mechanism part as illustrated.
4. Join the main unit and metal bracket, then secure the assembly in the car.
5. Join the main unit and radio bezel.
6. Join the main unit and monitor stand.
7. Join the display and display holder.
8. Install the main unit and secure the display.
